## PITTSFORD, NEW YORK

Orders calling for stock listed in this bulletin will be shipped this spring as soon as weather permits planting in your locality, which is generally about April 1st. Southern orders can be shipped earlier if desired. Prices are F.O.B. Pittsford, N. Y.

### FRUIT TREES

The joy of watching nature's wonders unfold. The beauty of springtime blossoms and luxuriant foliage, the delight of picking and eating a ripe apple, a juicy pear or peach off your own tree.

#### APPLES.

#### VARIETIES

- McIntosh. Bears young and fruits well. Medium to large crimson fruit, with white flesh.
- Red Astrachan. Large, deep crimson fruit, of juicy, rich acid flavor. August ripening.
- Red Delicious. Medium to large red fruit which keeps well. Aromatic and juicy flavor.
- Twenty Ounce. Large apple; excellent for cooking. Skin yellow streaked with red.
- Yellow Transparent. Early ripening. Fruit pale yellow, medium to large. Good for table or cooking.
- Red Spy. Bright red fruit. Flesh tender, rich and delicious. Keeps the longest in storage.
- R. I. Greening. Best cooking apple; fruit is large, greenish yellow. Flesh tender, rich, subacid.

Prices of Mayo's inspected apple trees:

2 yr., 7-9/16" cal. trees \$1.25 each, \$9.50 per ten trees.

Extra large trees, 11/16 in. & up, 5-6 ft. \$1.50 each, \$12.50 per 10

#### CHERRIES.

#### VARIETIES

- Black Tartarian. Oxhart, purplish black, fruit. Very large, tender and fine flavored. Ripening June 30th-July 4th.
- Windsor. Very large oxhart fruit which is black and firm. Ripening July 20-26.

Napoleon. Very large oxhart. Fruit pale yellow spotted and shaded deep red; flesh firm. Ripening July 7-10th.

Montmorency. Leading sour cherry. Large bright red fruit. Excellent for pies. Ripens July 15th.

Prices for: 1 yr., 9-11/16" cal. trees \$1.50 each, 10 for \$12.50  
2 yr., Extra large trees, 5-6 ft., \$2.50 each, \$20 per 10 trees.

#### PEACHES.

Golden Jubilee. Large, early. Skin is yellow blushed with red. Flesh yellow, juicy, medium firm, tender, sweet, freestone.

Hale Haven. Large, yellow, free-stone. Excellent, sweet juicy flavor. Ripens after Jubilee.

R. I. Messing. Best scoring  
series limit in fine, 1000  
feet. Mean period, 100  
seconds.

## PEACHES- Continued.

### VARIETIES

Red Haven. Large, new freestone. Bears in season next to Jubilee. Fruit is red against a yellow background.

Early Crawford. Large, golden yellow fruit blushed with dark red. Flesh deep yellow, juicy, tender, pleasantly flavored. Ripening early September.

Prices for "true-to-name" trees. All trees come with two year roots and one year tops from bud:

7-9/16" caliper trees: \$1.25 each. 10 trees for \$11.50  
EXTRA LARGE trees, 11/16" caliper, 5-6 ft. tall: \$1.95 each,  
10 trees for \$17.50

## PEARS

### VARIETIES

Bartlett. Large, waxen yellow with red blush; buttery, very juicy and high flavored.

Buerre Bosc. Fruit large, pyriform, with white flesh, melting, very buttery, of a delicious flavor.

Clapp's Favorite. Large yellow, with rich, sweet, and delicate flavor. Excellent pollinator for Bartlett and Seckel.

Seckel. Small, but handsome and delicious: yellow russet with red cheek. Flesh very juicy and melting.

Prices for: 1 year, 7-9/16" cal. trees, \$1.50 each: 10 for \$12.50  
EXTRA LARGE trees, 11/16" cal., 2 yr., 5-6 ft. tall: \$1.95 each,  
10 trees for \$16.00

## PLUMS.

### VARIETIES

Bradshaw. Very large, dark violet-red; flesh yellowish, juicy, pleasantly subacid.

Burbank. Large, nearly globular; clear cherry-red with a thin lilac bloom. Flesh deep yellow, sweet, meaty and quite firm

Yellow Egg. Large, oval; golden yellow, slightly clouded. Flesh deep yellow, rich, sugary,

Abundance. Early. Fruit is large, bright cherry red; freestone. Flesh yellow and very juicy and tender.

## PRUNES .

### VARIETIES

Stanley. Perhaps the best of the prune types. Fruit is large, dark blue; freestone. Flesh is greenish yellow, fine flavored. Ripening midseason.

Fellemburg. Long, oval fruit with a thick bloom. Flesh is sweet, pleasant and firm.

Prices for: 2 yr., 7-9/16" cal. trees; \$1.25 each, 10 trees \$11.00  
EXTRA LARGE, 11/16" cal. trees, 5-6 ft., \$1.95 each: 10 for \$16.00

"Satisfaction guaranteed from a nursery in it's 87th year"

• 10 •

APRICOT. These moderate-size trees are as easy to grow as peaches, and ripe fruit can be had a month earlier.

VARIETIES

Early Golden. A freestone with a delicious flavor; medium size. Skin is fuzzless, pale orange. Moorpark. Large, nearly round; orange with orange-red cheek; flesh very juicy with rich flavor.

Prices for: 2 year, 7-9/16" cal. trees. \$1.25 each, 10 trees \$11.00  
EXTRA LARGE trees, 11/16" cal., 5-6 ft. tall: \$1.95 each, 10 for \$17.50

QUINCE. Picturesque small trees, 12-15 feet tall at maturity. Highly valued for preserves, marmalades, jellies and flavoring purposes. We offer the ORANGE variety, which is bright golden yellow and of excellent quality. Ripening in September.

Price for: 2 year, 11/16" cal. trees, \$2.50 each: \$20 per 10 trees.

DWARF APPLE AND PEAR TREES. Bear almost immediately, the same size and flavored fruit as standard trees. Economical too with space and maintenance.

Apple varieties: McIntosh, Red Delicious, R. I. Greening, and Red Spy. (See page # 1 for description.) \$3, 4-5 ft. trees/ Pear varieties: Bartlett, Seckel, and Clapps Favorite. (See page # 2 for description.) Price: \$2.50, 2 yr., 3-4 ft. trees.

BEARING AGE FRUIT TREES: Five and six year old trees. Stand eight tall and better. Caliper at the trunk just above the roots - 1 $\frac{1}{2}$ " & up. Grown expressly to save you time in waiting for fruit. They have given great satisfaction to our many customers who have ordered them in the past.

Apple varieties: McIntosh, Red Delicious, R. I. Greening, Yellow Transparent, Cortland, Red Rome, Red Spy.

Pear varieties: Bartlett, Buerre Bosc, Seckel, Clapps Favorite, Flemish Beauty, Keiffer.

Plum and Prune varieties: Abundance, Burbank, Fellemberg, Stanley.

Apricot varieties: Early Golden, Moorpark.

Sour cherry: Montmorency.

Prices for Bearing-age trees: \$3.75 each, 3 trees for \$10.50:  
10 trees for \$30.00

ASPARAGUS: Mary Washington variety. Large-Early-Tender-Juicy. A very rapid grower which means many cuttings each season.

Prices for "Pedigreed" plants: 1 year, selected: \$3.50 per 100 plants, \$7.75 per 250 plants, \$25.00 per 1,000 plants.

AMERICAN. These moderate-size trees are known as bigleaf maples, which are found in the Pacific Northwest. A large number of these trees are found in the Pacific Northwest.

VALUETTES

Mossy Goldens. A fine specimen of this tree is a mossy golden. It has very large leaves which are covered with a thick layer of moss. This tree is often found in the Pacific Northwest.

EXTRA LARGE trees, 17' high, 28" dia; \$15.00 per tree. Large trees, 10' high, 18" dia; \$15.00 per tree.

CHINESE. This tree is 12 feet tall and has a trunk diameter of 12 inches. It has a large leaf with a pointed tip and a smooth surface. The bark is brown and peeling.

PICTURE trees: \$15.00 per tree. Large trees, 12' high, 24" dia; \$15.00 per tree.

DARK LILAC AND LAVENDER. Best known from the French. This tree has a trunk diameter of 12 inches and a height of 12 feet. The bark is smooth and greyish.

LEAFY ARBORESCENT. Best known from the French. This tree has a trunk diameter of 12 inches and a height of 12 feet. The bark is smooth and greyish.

SHRIMP AND HORN TREES: This tree has six pairs of old leaves. It has a trunk diameter of 12 inches and a height of 12 feet. The bark is smooth and greyish.

ADOLESCENT. Best known from the French. This tree has a trunk diameter of 12 inches and a height of 12 feet. The bark is smooth and greyish.

LEMON BEECH: Best known from the French. This tree has a trunk diameter of 12 inches and a height of 12 feet. The bark is smooth and greyish.

PLUM AND PEAR VITIS: Best known from the French. This tree has a trunk diameter of 12 inches and a height of 12 feet. The bark is smooth and greyish.

ADOLESCENT: Best known from the French. This tree has a trunk diameter of 12 inches and a height of 12 feet. The bark is smooth and greyish.

GARDEN ORNAMENTAL.

PICTURE trees: \$15.00 per tree. Large trees, 12' high, 24" dia; \$15.00 per tree.

TAPESTRY: Metal was introduced by the French. A very tall tree with many branches and a trunk diameter of 12 inches.

PICTURE trees: \$15.00 per tree. Large trees, 12' high, 24" dia; \$15.00 per tree.

GRAPEs. They help provide many tasty dishes. Along with strawberries, raspberries, and blackberries, grapes will help you fill your cupboard with tasty deserts and spreads.

#### VARIETIES

- Concord. The standard deep purple variety, with large bunches of big, handsome, fine flavored fruit. A vigorous grower.
- Deleware. Smallish red fruits of fine quality, ripening quite early in compact clusters. Primarily a table variety.
- Golden Muscat. California grape. Large bunches of golden showy and delectable fruits, with unique flavor. Thoroughly hardy, vigorous, and a prime favorite. Price for 2 yr. vines, \$1.00 each 3 vines for \$2.75.
- Niagara. The leading white grape of dependable hardiness. Large bunches and berries, greenish to yellow.
- Caco. A superb large, bronzy red with exceptionally high flavor.
- Fredonia. Concord type, but ripening 2 to 3 weeks earlier. A strong grower, of fine table quality.

Prices for: 2 year # 1 plants, (except Golden Muscat, quoted.) 55¢ each, 3 plants \$1.50, 10 plants \$4.00.

CURRENTS. Hardy, rather low growing bushes. Fit well in any garden.

- Red Lake variety. Juicy, tender, and highly flavored.

Price for: Two year # 1 plants, 70¢ each: 3 for \$1.80, 10 for \$5.50

BOYSENBERRY - THORNLESS. New thornless kind. Very hardy and productive, having a flavor altogether different from any other berry. Picking season from 8 to 10 weeks.

Prices for: One year tip plants, 10 for \$2.55, 25 plants for \$4.65

BLACKBERRIES. We offer the ELDORADO variety which is most widely adapted and generally grown. Hardy, vigorous and productive. Berries are large and firm.

Prices for: Two year transplants: \$3.00 per doz. plants, \$10 per 50 plants, \$17.50 per 100 plants.

#### BLACK RASPBERRIES.

#### VARIETIES

- Bristol. One of the best black raspberries. The berries are large, firm, fairly glossy, attractive, and of excellent quality. Hardy, vigorous, and bear very heavy crops. Late.
- Cumberland. Berries very large, firm; midseason. Widely planted because of it's productiveness and quality.

Prices for: One year tip plants: \$2.50 per doz., \$8.50 per 50 plants. \$14.00 per 100 plants.

NEW RED EVERBEARING RASPBERRY

September. A new fruiting red raspberry. The fall crop begins ripening in early September, or about a month earlier than Indian Summer variety, and continues until frost. The summer crop is as early as Indian Summer or the June bearing varieties. The berries are of medium size, bright red, firm, not crumbling, of good quality. The plants are vigorous, healthy, hardy, and productive.

Prices for: Two year transplants, \$4.50 per doz. plants, \$16.00 per 50 plants. (These transplants will produce the first year planted.)

INDIAN SUMMER EVERBEARING RED RASPBERRY.

Indian Summer. The summer crop ripens early, or soon after the June bearing varieties. The autumn crop starts early in September, but the bulk of the crop ripens during October and continues until frost. The plants are hardy and productive. The berries are medium red and large, and of good quality.

Price for: Two year transplants: \$3.00 per doz. plants, \$10 per 50.

RED RASPBERRIES \* June bearing varieties.VARIETIES

Latham. An old favorite that still holds its own for fruit quality and resistance to disease. Large, rich red fruit of excellent flavor and texture, borne freely over a long season.

Milton. A new, red, late raspberry. Ripens a few days later than Latham. Berries are large, long, and conic shape. They are attractive, bright red, firm, not crumbling, mild sub-acid and good. The plants are vigorous, productive, hardy, and have remained free of mosaic.

Prices for: One year # 1 plants: \$2.75 per 10 plants, \$8.50 per 50.

PURPLE RASPBERRIES.

Sodus. A new, very promising variety. The berries are very large, firm, medium purple in color. Sprightly and good in quality. The plants are very vigorous, productive and hardy. More resistant to drought than the Columbian variety, and yields a good crop every year. Ripens shortly after Latham.

Prices for: Selected tip plants: \$2.75 per doz. plants, \$8.50 per 50.

STRAWBERRIES.

June bearing varieties. Premier, Dorsett, Fairfax, Robinson

Prices: 25 plants,	\$1.15
50 "	\$1.85
100 "	\$3.00

Everbearing varieties. (New) Streamliner and Superfection

Prices: 25 plants:	\$2.25

HYBRID BLUEBERRIES. Their large, flavorful fruit makes an excellent addition to the home garden. By following a few simple, cultural rules you can grow them in your own garden. We offer the newer varieties of blueberries, which produce an abundance of large, juicy berries. Plant two or more varieties to insure good cross pollination and berry production. Select from the following;

#### VARIETIES

- |   |   |
|---|---|
| → <u>Pemberton.</u> Vigorous and productive. Excellent quality for desserts. Late ripening. | → <u>Dixie.</u> Promising for it's large size. Good dessert quality and productiveness. Season late.    |
| → <u>Cabot.</u> Best of early varieties. Produces good crops of large berries.              | → <u>Stanley.</u> Bush erect, vigorous. Fruit firm, of good blue color. High dessert quality. Aromatic. |

Prices for: "Bearing-age, 3 yr. plants, 18-24 in. tall, with plump fruit buds ready to bear this season: \$1.65 each, \$4.25 for 3 plants, \$12.50 for 10 plants.

NEW CHINESE CHESTNUT TREES. Fast bearing-blight resistant-very hardy. Developed from famous Chinese stock. The chestnuts are full of flavor, sweet, and resembling the old-fashioned native nuts.

Prices for: Three year trees, 3-4 ft. tall, grown from seed known to be pure Castanea mollissima: 2 trees for \$5.95 (two trees needed for cross pollination and nut production.)

→ BLACK WALNUT TREES. Their richly flavored nuts are prized for eating out of hand and for use in cakes, cookies, ice cream and candies. The trees develop into beautiful shade trees. Also, very rapid growers

Price for: Three year, heavy, 4-5 ft. trees, \$2.50 each

→ ENGLISH WALNUT TREES. An exceedingly handsome tree for the lawn. It produces large crops of thin-shelled, delicious nuts, which are always in demand at a good price.

Price for: Four year, 3-3½ ft. trees (heavy), \$2.95 each, 3 for \$8.

SHADE TREES. Valuable attributes to home ground beauty and comfort.

→ Norway Maple. Fastest growing of the hard maples. Excellent for street planting and home grounds. Forms handsome, spreading head; leaves large, somewhat deeper in color than those of the Sugar Maple, turning pale yellow in autumn. Price for 6-8 ft. trees, \$4.50 each, 8-10 ft. trees \$5.50 each.

→ Silver Maple. Rapid growing, wide spreading; bark smooth and gray; leaves bright green on upper surface, silvery white beneath. Succeeds almost anywhere. Price for 6-8 ft. trees, \$3.25, 8-10 ft. trees \$4.25.

→ White Birch. A rapid growing, graceful tree that is hardy everywhere. Bark silvery white, forming a charming contrast with the delicately dark green foliage. Price for 6-8 ft. trees, \$2.50, 8-10 ft. \$3.75.

PAGE # 1  
SHADE TREES \* Continued.

Babylonica Weeping Willow.

Very rapid growing tree. Graceful weeping branches add a picturesque note to any pool, bank or stream. Price for 6-8 ft. trees, \$2.50 each, 8-10 ft. trees \$3.50 each.

Other shade trees such as;

Poplar, Chinese Elm, Pin Oak, Mt. Ash, Moraine Locust plant pat. #836. Write for prices and sizes.

FRENCH HYBRID LILACS. They have been favorites since early history. Their survival proves how well they can take care of themselves and how much our climate suits them. They need good soil, free drainage, and at least six hours of sun daily.

VARIETIES

Charles Joly. Flowers double, quite large, very dark violet-purple.

General Pershing. Large, double flowers, rich purplish violet with paler reverses.

Mme Lemoine. Flowers large, double, pure white. A very dependable bloomer.

Pres. Grevy. Flowers large, semi-double; clear soft delicate blue.

Prices for: Three year plants, 18-24 in. tall, \$1.75 each, 3 plants for \$4.95. Collection of 1 each of the 4 varieties listed above \$6.00.

FLOWERING SHRUBS. The following list consist of two year, bushy and well rooted shrubs, grading 2-3 ft. tall, which will bloom this year at their periods;

Beauty Bush

Forsythia

Honeysuckle, pink, white, red.

Hydrangea P. G.

Hydrangea Hills of snow

Kerria White

Butterfly Bush

Japan Quince

Indian Currant

Common Syringa

Weigelia Red or pink

Spirea Dwarf

Spirea Bridal wreath

Spirea Van Houtte

Price: 95¢ each, \$8.50 per ten plants.

HEDGE PLANTS.

California Privet. 18-24 in. plants, \$18.00 per 100 plants.

Amour River Privet. 18-24 in. plants, \$25.00 per 100 plants.

Barberry Thunbergi. 12-15 in. plants, \$16.00 " " "

Rose Hedge. (*Rosa Multiflora*). Conservation grade, 9-12 in. plants \$9.95 per 100 plants, \$75 per 1,000 plants

GUARANTEE. We guarantee our trees and plants to arrive in a "field fresh" condition, and to be as represented and invoiced for in grade and quality. If upon arrival these conditions are not apparent, immediately repack and return shipment to us Express collect, and we will refund your full purchase price. Also, we guarantee satisfactory results from our stock.

ies alone would suffice, and so  
this will probably be the best  
final answer. And, in fact,  
according to some, best of all  
would be a single  
series.

Well, I think this  
is probably the best  
final answer. But if you  
will consider the  
possibility of a  
single series, it  
will be best to do  
so.

With this you can  
make your own  
choice. And, in fact,  
I think this is  
the best way to do  
it. And, in fact,  
I think this is  
the best way to do  
it.

With this you can  
make your own  
choice. And, in fact,  
I think this is  
the best way to do  
it.

With this you can
